

# Honouring John and Bonnie Buhler @ Canad Inns Club Regent

William Regehr (left), Red River College board of governors chair; Jeff Zabudsky, Red River College president and CEO; Bidhu Jha, MLA Radisson.

Philanthropists John and Bonnie Buhler were honoured Jan. 18 for their generous and continued support of the community, which includes the near-completion of the Buhler Recreation Park.

For the modest couple who believe that "success is when you feel good about yourself," the Buhlers were surprised to find a full house awaiting them at Club Regent.

When John went up to

express his gratitude to those present in his self-effacing way, he left his parting words for his children whom he jokingly thanked for allowing their parents to "give away their inheritance."
